APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.4 cubic feet per second, but not to exceed 1100 acre-feet annually, and not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before.....

Proof of commencement of work shall be filed before.....

Work must be prosecuted with reasonable diligence and be completed on or before October 22, 1989

Proof of completion of work shall be filed before November 22, 1989

Application of water to beneficial use shall be made on or before October 22, 1991

Proof of the application of water to beneficial use shall be filed on or before November 22, 1991

Map in support of proof of beneficial use shall be filed on or before November 22, 1991

Commencement of work filed JAN 24 1991

Completion of work filed

Proof of beneficial use filed

Cultural map filed

Certificate No. Issued
